Pakistan Journal of Physiology (Pak J Physiol/PJP) receives original research work in all areas of Medical, Biological, Allied Health Sciences, Human and Animal Physiology, and Medical Education. Manuscripts are received for consideration if neither the article nor any of its contents has been or will be published or submitted elsewhere before appearing in the PJP. Please submit the article only on Open Journal System (OJS) at <https://pjp.pps.org.pk/index.php/PJP>. Manuscripts must not be of more than **2,500 words**. The 'Undertaking' is available from pps.org.pk/PJP/Undertaking.pdf. No more than 12 names will be listed under the title; others will appear in a footnote.

Research and publication ethics: The authors must declare approval of the 'Research Ethics Committee' and clearly mention any 'Conflict of Interest' either in the script or as an attached document.

Any grant/support that requires acknowledgment should be mentioned on this page.

Abstract: The second page of the manuscript must contain an abstract of not more than **250 words**. This abstract should consist of four paragraphs, labelled **Background, Methods, Results, and Conclusions**. They should briefly describe, respectively, the problem being addressed in the study, how was the study performed, the salient results, and what did the author(s) conclude from the results.

References must be written single-spaced and numbered as they are cited in the manuscript. The references must be written in **Vancouver style**. The style for all types of references is given in the 'Uniform requirements for

manuscripts submitted to biomedical journals' at the website of International Committee of Medical Journal Editors, www.icmje.org. List all authors when they are six or fewer. If there are seven or more, list the first six followed by *et al.* Following are sample references for journal and book articles:

Duplication of results given in tables and figures must be avoided.
